Biopolymers (ISSN: 0006-3525) Volumes 35–37 are published 18 times, monthly except semi-monthly in December 1994, February, April, June, August, and October 1995, by John Wiley & Sons, Inc., 605 Third Avenue, New York, NY 10158.

Copyright © 1995 John Wiley & Sons, Inc. All rights reserved. No part of this publication may be reproduced in any form or by any means, except as permitted under section 107 or 108 of the 1976 United States Copyright Act, without either the prior written permission of the publisher, or authorization through the Copyright Clearance Center, 222 Rosewood Drive, Danvers, MA 01923, (508) 750-8400, fax (508) 750-4470. Second-class postage paid at New York, NY, and at additional mailing offices. Biopolymers (Peptide Science) (Vol. 37, numbers 1–6) will be sent via Third Class mail.

The code and copyright notice appearing at the bottom of the first page of an item in the journal indicate the copyright holder's consent that copies may be made for personal or internal use, or for the personal or internal use of specific clients, on the condition that the copier pay for copying beyond that permitted by law.

This consent does not extend to other kinds of copying, such as copying for general distribution, for advertising or promotional purposes, for creating new collective works, or for resale. Such permission requests and other permission inquiries should be addressed to the Permissions Dept.

Subscription price: (Volumes 35–37, 1995): $2,196.00 in US, $2,376.00 in Canada or Mexico, $2,443.50 outside North America. Personal rate (available only if there is an institutional subscription): $350.00 in US and Canada, $440.00 outside North America. All subscriptions outside US will be sent by air. Subscriptions at the personal rate are available only to individuals. Payment must be made in US dollars drawn on a US bank. Claims for undelivered copies will be accepted only after the following issue has been received. Please enclose a copy of the mailing label. Missing copies will be supplied when losses have been sustained in transit and where reserve stock permits. Please allow four weeks for processing a change of address. For subscription inquiries, please call 212-850-6645.

Postmaster: Send address changes to *Biopolymers*, Susan Malawski, Director, Subscription Fulfillment and Distribution, Subscription Department, John Wiley & Sons, Inc., 605 Third Avenue, New York, N.Y. 10158.

Advertising Sales: Inquiries concerning advertising should be forwarded to Roberta Frederick; Advertising Sales, John Wiley & Sons, 605 Third Ave., New York, NY 10158; (212) 850-8832. Subject Index to Volume 36

A-DNA, formed by synergism of alcohol and cobalt hexaammine (III), 345
A-form, 303, 313
Ab initio calculations, 71
Absorption spectra, 511
Adipic acid, 711
Agarose, conformation of, 103
Agarose, optical rotation of, 103
Agarose, synergistic interactions of, 643
Aggregation, 135
Aib residue, helical propensity, ^{13}C NMR assignment, 781
Alamethicin analogues, 547
Alamethicin, as model ion channel, conformation of, 781
Alcohol effect on DNA condensation and structure, synergism with cobalt hexaammine (III), 345
α-aminoisobutyric acid, helical propensity, ^{13}C NMR assignment, 781
α-helix/3_{10}-helix transition, 497
α,β-unsaturated residues, 71
L,D-alternating peptides, 401
Aluminium complexes, 381
Alzheimer's disease, 381
Amide I stretching vibration, 415
Amide oxygen hydration, 415
Amide, temperature dependence of chemical shift, 781
Amino acid side chain, 53
Amphiphilic α-helical peptide, 793
Analogues FR113680, 409
Analysis of tripeptides, 607
Anisotropic bending rigidity, 633
Antagonists, 409
